- 4.4 Policies will be approved by either University Council or the Vice-Chancellor, depending on their scope and nature. University Council will approve high level University policies where Council scrutiny is appropriate, consistent with the *Matters to be Reserved to Council* and with the *ECU Framework for Instruments of Governance* which is attached to the Policy Guide. All other policies will be approved by the Vice-Chancellor.
- 4.5 A Policy may be supported by Guidelines which provide details on the operation of the Policy. Guidelines will normally be approved by the member of the Senior Leadership Team responsible for the area of Policy. A Council Committee or the Academic Board is also authorised to approve Guidelines.
- 4.6. Procedures, typically developed at the operational level, provide statements outlining the actions or steps to be undertaken to implement a University Policy or process. Procedures (which may be supported by forms and templates) will be approved by the individual responsible for the implementation of the process (normally at Head of School/Manager/Director level). Procedures may either be applicable to students and/or staff across the University or be School/Centre specific.
- 4.7 Minor amendments to a Policy (i.e. those changes which are largely updates and which do not change overall intent) may be approved by the Policy Owner.
